

Isola COVID-19 Questionnaire

The safety of our employees, customers, families and visitors remains Isola's overriding priority. As the coronavirus disease 2019 (COVID-19) continues to evolve and spread globally, Isola Management is monitoring the situation closely and will periodically update company guidance based on current recommendation from the Center for Disease Control and the World Health Organization.

To prevent the spread of COVID-19 and reduce the risk of exposure to our employees and visitors, we are conducting a simple screening questionnaire. Your participation is important to help us take precautionary measures to protect you and everyone at this site. Thank you for your time.

Visitor'/Employee name: _____

Self-Declaration by Visitor
